## Real Service...Real Results!

2020 was another banner year for your locally owned Real Estate Office. Despite our office working on limited hours with 14 weeks of complete closure due to the Pandemic and local Storms, we were able to welcome two new agents to our office. We produced 41 sales and \$12,507,597 in Sales Volume.

With historically low interest rates and the growing popularity of El Dorado County; we look forward to growth in 2021!

## Community Service

Z Group is a proud member of Community Economic Development Association of Pollock Pines (CEDAPP) and sponsored a local little league team for the 9th consecutive year.
